

Megger CertSuite™ Electrical Certification Software

- Quick, reliable and flexible – works on any device in any location
- Unlimited certificate generation
- Unlimited storage for certification records
- Online and offline operation – enter data and results without internet access
- Free technical support and standards alignment
- Secure cloud-based certification on the Microsoft™ Azure™ platform
- Simultaneous job access for multiple users (licence required per user)

DESCRIPTION

Megger CertSuite™ is the latest generation of electrical certification software. The cloud based system can be used on both Android or iOS smartphones and tablets as well as most browsers, allowing use on both laptops and desktops.

CertSuite is a subscription based software package offering either annual or monthly subscriptions.

Why choose Megger CertSuite™ ?

CertSuite offers a secure, cloud based software solution for the creation, printing and storage of professional certificates and reports. The system is fully compliant and maintained to the latest amendments of BS7671.

CertSuite works online and offline. When working online, data and test results are seamlessly synchronised to the cloud. While offline, data and test results can be added to the system at any time, and automatically uploaded to the cloud as soon as an internet connection becomes available. Customer and site data can be pre-loaded reducing time on-site and different members of your team can access and upload to the same job at the same time.

Head office can also access the same jobs, allowing pre-completion of customer data, but also to discuss or give feedback whilst electricians are still on site.

TIME SAVING FEATURES

- Duplicate jobs, distribution boards and circuits to save repetitive work
- Built-in circuit templates make creating boards quick and easy
- Many default options for circuits, inspection schedule items etc.

Accurate:

- Automatically generates observations if Max Zs is exceeded
- Automatically cross references observations and inspection schedules
- Comprehensive database of standard observations

Creative:

- Includes digital photographs to illustrate observations
- Constantly being updated and improved
- Customer feedback is welcomed and used.

Megger CertSuite™

Electrical Certification Software

CertSuite offers many advantages over traditional hand written documentation, including:

- Access from Android and Apple smartphones or tablets using freely downloadable apps from the Google Play® or Apple® App Store platform.
- Also compatible with Chrome, Microsoft Edge, Firefox, Safari and Opera web browsers.
- Instant test result transfer from the Megger MFT1730 or MFT1740 series multifunction testers using the Android mobile platform*
- Quick, reliable and flexible – works on any device in any location
- Unlimited certificate generation
- Unlimited storage for certification records
- Offline entry for data and test results
- Free technical support and standards alignment
- Secure cloud-based certification on the Microsoft™ Azure™ platform
- Simultaneous job access for multiple users (licence required per user)
- Produce certificate and reports to a high professional standard
- Distribution schedules
- Secure PDF certificate generation
- Unlimited distribution boards and circuits
- Import company/accreditation logos and digital signatures
- Attach photographs to certificates

Certificates include:

- Electrical certificates
- Fire detection certificates
- Emergency lighting certificates
- PV certification
- EV certification

System requirements:

- Chrome, Microsoft Edge, Firefox, Safari, Opera
- Android 6 and later
- iOS 12.0 or later

***Note:** The current MFT1700/1800 multi-function range of electrical test instruments will not connect to mobile Apple devices due to limitations by Apple Inc.

For a free one month trial, product pricing or to purchase go to CertSuite.App

Alternatively a 12 month licence can be purchased from your local authorised Megger distributor.

Services d'EURO-INDEX

EURO-INDEX est le fabricant de la gamme LIGNE BLEUE et l'importateur/distributeur de diverses marques A d'instruments de test et de mesure. Nous proposons également un large éventail de services visant à optimiser l'utilisation de ces instruments dans le cadre de vos activités. Cela comprend la maintenance, la réparation et l'étalonnage des instruments, mais aussi le partage de connaissances via l'EURO-INDEX Academy et la location d'instruments.

Centre de Service Agréé

EURO-INDEX est un Centre de Service Agréé pour la plupart des marques de sa gamme. Cela signifie que vos instruments sont pris en charge par des techniciens formés par le fabricant et disposant des outils et logiciels adéquats. Seules des pièces d'origine sont utilisées et la garantie de votre instrument, ainsi que les certifications (ATEX, EN50379, etc.) restent intactes.

Laboratoire d'étalonnage

Notre laboratoire de service et d'étalonnage est accrédité BELAC conformément à la norme EN-ISO/IEC 17025. L'accréditation s'applique aux grandeurs et aux plages de mesure mentionnées dans l'annexe certifiée portant le numéro de certificat [760-CAL](#).

MQS®

MQS® est une formule d'étalonnage pour vos instruments de test et de mesure, comprenant un entretien et un étalonnage périodiques à un coût fixe et avantageux. Vos certificats d'étalonnage sont disponibles au format numérique via Mon MQS (portail web et application gratuits) et en scannant le code QR sur l'autocollant d'étalonnage de l'instrument.

Location d'instruments de mesure

Il existe plusieurs situations dans lesquelles la location est pratique :

- Vous avez temporairement besoin d'appareils supplémentaires.
- Votre propre instrument de mesure est en cours d'entretien et/ou d'étalonnage.
- Vous devez effectuer une mesure occasionnelle.

EURO-INDEX Academy

- Formations, sessions d'informations et workshops
- Vidéos de démonstration et d'instruction
- Notes d'application
