

Stethophon[®] 04

Your compact receiver for indoor water leak detection

*Ideal for pre-locating
and pinpointing*

Find leaks in house installations quickly and reliably.

Adapt the noise output to your hearing

Thanks to the 8 filter levels, you can adapt the noise output to your own listening habits.

Objectively compare measurement locations

The display always shows the minimum level for the current and previous measuring point.

Available with or without SDR radio module

For use with wireless headphones – you decide.

Even more benefits for you:

Scan for
detailed product
information:

- + Reliably detect leaks in heating and sanitary installations
- + Check house service connections when reading the water meter
- + Conveniently check lines in the ground with the ground microphone (optional)
- + Numeric display of minimum noise level (0 to 999)

Services d'EURO-INDEX

EURO-INDEX est le fabricant de la gamme LIGNE BLEUE et l'importateur/distributeur de diverses marques A d'instruments de test et de mesure. Nous proposons également un large éventail de services visant à optimiser l'utilisation de ces instruments dans le cadre de vos activités. Cela comprend la maintenance, la réparation et l'étalonnage des instruments, mais aussi le partage de connaissances via l'EURO-INDEX Academy et la location d'instruments.

Centre de Service Agréé

EURO-INDEX est un Centre de Service Agréé pour la plupart des marques de sa gamme. Cela signifie que vos instruments sont pris en charge par des techniciens formés par le fabricant et disposant des outils et logiciels adéquats. Seules des pièces d'origine sont utilisées et la garantie de votre instrument, ainsi que les certifications (ATEX, EN50379, etc.) restent intactes.

Laboratoire d'étalonnage

Notre laboratoire de service et d'étalonnage est accrédité BELAC conformément à la norme EN-ISO/IEC 17025. L'accréditation s'applique aux grandeurs et aux plages de mesure mentionnées dans l'annexe certifiée portant le numéro de certificat [760-CAL](#).

MQS®

MQS® est une formule d'étalonnage pour vos instruments de test et de mesure, comprenant un entretien et un étalonnage périodiques à un coût fixe et avantageux. Vos certificats d'étalonnage sont disponibles au format numérique via Mon MQS (portail web et application gratuits) et en scannant le code QR sur l'autocollant d'étalonnage de l'instrument.

Location d'instruments de mesure

Il existe plusieurs situations dans lesquelles la location est pratique :

- Vous avez temporairement besoin d'appareils supplémentaires.
- Votre propre instrument de mesure est en cours d'entretien et/ou d'étalonnage.
- Vous devez effectuer une mesure occasionnelle.

EURO-INDEX Academy

- Formations, sessions d'informations et workshops
- Vidéos de démonstration et d'instruction
- Notes d'application
